

## **Exterior**

### Conquer the city

With its smart, compact
design and sophisticated looks,
the All-New COLT is born for the
city. Its strong silhouette and
sporty touches make it your
perfect hatchback for every
urban adventure. Wherever you
want to go, the new COLT is all set.

### Smart signature LED lights

The new COLT comes with smart and solid state LED lights for both front and back. The thoughtfully designed headlights provide a warmer, clearer light that efficiently offers enhanced visibility without dazzling other road users.

### Stylish in every detail

From its sleek front grille to its muscular flanks and sporty rear, the exterior of the COLT feels right at home in every neighbourhood and turns heads wherever it goes.

The highly supportive seats inside the All-New COLT have been designed for maximum comfort driving. They are available in high-quality materials with detailed stitching. Ideal for day-to-day living.

# Adjustable seats and cargo space

To make sure you're as comfortable as possible, the driver and passenger seats are adjustable in 6 ways. The rear bench seat folds down to make a bigger cargo space. It can also be folded in one-third, or two-thirds combinations for awkward load shapes.

### 10-Inch Digital Driver Display

The clustered instrument panel on the dash - directly visible to the driver through the steering wheel - clearly provides a simple navigation replication, all the meters and important trip information.

#### Heated seats & steering wheel

Nothing nicer than a warm steering wheel and a warm seat on a cold day. For maximum comfort, the driver and passenger each have their own seat controls.

▲ 2-Cup holder

▲ Door pockets

### Smart storage space

The All-New COLT is always ready and roomy with a 2-cup holder between the front seats and further storage space under the armrest.

The door pockets hold 1.5-litre bottles, and the glove compartment has a huge 8.0-litre capacity.

▲ Armrest storage space

▲ Glove compartment

The first COLT was introduced back in 1962 and became one of Mitsubishi Motors' best-known vehicle names. With this All-New COLT, the heritage continues. Meet all the new features!

#### Mitsubishi **Service Commitment**

Not only does the COLT offer you peace of mind with a full 5-year warranty. You also get an 8-year/160,000km battery capacity warranty and 5 years of roadside assistance (MAP)<sup>1</sup>.

#### State-Of-The-Art Infotainment

The modern 9.3-inch Smartphone-link Display Audio system makes sure you are fully connected. Wherever your journey takes you.

### Range of Powertrains

The All-New Mitsubishi COLT is available with three powertrain choices - two petrol and one hybrid.

#### Multi-Sense Drive Modes

Choose from 3 drive modes: Eco, Sport and My Sense. For full personalisation, change the steering mode and set the ambient lighting.

#### Roomy Interior

With five people inside, there's still up to 391 litres of cargo space. When the seats are folded down there's a a COLT your perfect companion cargo volume of 1.069 litres.

#### Dynamic Design

The fusion of smart, compact and sporty touches makes the to explore the city.

### Advanced Safety -Technology

Safety systems in the All-New COLT offer you peace of mind. Knowing you're protected on every journey.

## **Technology**

12 | COLT

#### Powertrains to suit every lifestyle

Choose from two economical petrol engines. Or opt for a hybrid petrol engine with eco-friendly benefits.

# Smartphone-link Display Audio [SDA]

The SDA is the vehicle infotainment screen in the centre of the car's dashboard. It can mirror your smartphone functionality via Apple CarPlay™ or Android Auto™.

# BOSE® Premium Sound System

The BOSE® Premium Audio
System features 9 speakers
including a fresh air subwoofer
that is linked to the outside of the
car. It delivers BOSE®'s renowned
rich, low-frequency sound without
taking up precious cargo space.

### Keyless Operation System [KOS]

If you activate the 'approach unlock' function you can automatically unlock your All-New COLT by simply moving its key within a 1-metre radius. If you step outside of this radius, the vehicle will lock itself.

## Safety

#### Easy Park Assist

The COLT's Easy Park Assist system will help you park everywhere. It scans and identifies parking spaces, using 12 sensors around the vehicle and fully controls the steering wheel. All you have to do is control the pedals and the gear. Easy Park Assist is able to park in perpendicular, parallel and angled parking spaces.

#### Around View Monitor [AVM]

The Around View Monitor makes parking and manoeuvring easy.

Onboard cameras create a view of your vehicle and its immediate surroundings and displays it on the infotainment screen.

With a 360 view of your vehicle, parking is a breeze.

# Adaptive Cruise Control [ACC] with Stop & Go\*

This active technology assists you in maintaining a safe distance from the vehicle ahead. When no vehicle is detected it maintains a pre-set speed. If the vehicle ahead slows down to a complete stop, the system will automatically apply the brakes until a full stop is reached.

#### Rear Cross Traffic Alert [RCTA]

The RCTA system is designed to help the driver be aware of objects (pedestrians, cycles and cars) crossing behind the vehicle while reverse gear is engaged. When an object is detected, a warning icon appears in each exterior mirror. If the car starts moving backwards an audible warning will sound.

Stop & Go only available on automatic transmission (including HEV)

#### Blind Spot Warning [BSW]

Detects the presence of moving objects (cars, motor cycles, etc.) in the driver's blind spot (up to 5m away from the vehicle rear and sides). If the system identifies an object, a LED light flashes on the exterior mirror on the relevant side of the vehicle.

## Lane Departure Warning [LDW] & Lane Keeping Assist [LKA]

This system will identify the lines on the road. If only LDW is activated, once one of the lines has been crossed without the driver turning on the indicator, the system will warn the driver through haptic feedback on the steering wheel. If LKA is activated, instead of just warning the driver, the system will actively control the steering to help the driver stay in lane.

# Forward Collision Mitigation System [FCM]

The FCM system monitors the distance from your vehicle to an object ahead – a vehicle, a pedestrian, or a cyclist. If there is a collision risk, you'll get a warning sign on the dashboard and a warning sound. If you brake, but there's still a risk, the system will add further braking power. If you don't brake at all, the system automatically brakes for you.

Express your style with 5 vibrant colour options

The new COLT is available in a striking range of colours. Choose your preferred look by selecting one of these striking and sophisticated options.
