ASX

RECYCLING OF OLD VEHICLES

It is our duty to protect the environment.

Mitsubishi Motors designs and produces high quality vehicles and components aiming to provide our customers with durable motor vehicles, and excellent services to maintain your vehicle in an optimum running condition. We have the highest respect for the environment and use materials which may be recycled and re-used after your Mitsubishi Motors vehicle has come to the end of its economical life. After a long working life we will take your vehicle back and recycle it in an environmentally friendly manner in accordance with the EU Directive on End-of-Life Vehicles and any applicable national statutory provisions.

All Mitsubishi Motors vehicles (up to 3.5t GVW) sold after 1st July 2002, will be taken back free of charge from the last owner, at one of the designated take back points, provided the vehicle contains all major components and is free of waste. From 1st January 2007, this applies to all Mitsubishi Motors vehicles irrespective of the sold date. A network of collection points is available to receive Mitsubishi Motors End-of-Life Vehicles,

to ensure your vehicle will be recycled in an environmentally friendly manner. At the same time, the possibilities for the recycling of vehicles and vehicle components are continually being evaluated and improved, aiming to the achievement of even higher recycling percentages in the future.

The European End-of-Life Vehicles Directive and the free take back of End-of-Life Vehicles are applicable in all European Union member states. The transposition of the End-of-Life Vehicles Directive into national law in each member state might not have been completed at the time of putting this publication to print.

Please refer to www.mitsubishi-motors-europe.com and select the web site of the Mitsubishi Motors service network in your country of residence, or call the National Mitsubishi Motors Customer Assistance Centre for further details.

OUTSTANDING AFTER SALES FOR CAREFREE MOTORING

Around 2,500 Mitsubishi Motors Authorised Service Points in Europe are committed to helping you wherever you are.

PROFESSIONAL SERVICING

Even new cars require regular maintenance and servicing. Not just to guarantee your mobility, but also for the safety of you and your passengers. Trained professionals using specialist diagnostic equipment and original parts at your Mitsubishi Authorised Service Point are ready to oblige. You'll be advised about the cost beforehand, so there will be no unpleasant surprises when you return to pick up your vehicle.

MITSUBISHI MOTORS GENUINE PARTS

Even the smallest technical faults can lead to accidents. Therefore, all Mitsubishi Motors Genuine Parts have been developed and tested to stringent quality standards. It is recommended to use Mitsubishi Motors Genuine Parts in order to maintain the safety and integrity of your vehicle and that of your passengers. Mitsubishi Motors Genuine Parts are available at all Mitsubishi Authorised Service Points. We are proud to regularly score top in After Sales quality surveys.

COMPREHENSIVE WARRANTY – OBVIOUSLY

New Mitsubishi vehicles come standard with a comprehensive 5*-year warranty or up to a maximum of 100,000 km (62,500 miles), whichever comes first. The anti-corrosion perforation warranty covers rusting through for the first 12* years. The reliability statistics for Mitsubishi vehicles are impeccable, but in the unlikely event that you do need help, we offer MAP.

*Depending on vehicle model and market, for details please refer to your Mitsubishi Service Booklet

MITSUBISHI MOTORS ASSISTANCE PACKAGE (MAP) – FREE BREAKDOWN ASSISTANCE

In order to demonstrate our commitment to your mobility and the faith we have in the reliability of our vehicles, you will receive a free MAP card valid for 5 years with your new Mitsubishi. With the MAP card in your pocket, your mobility is guaranteed in more than 30 countries throughout Europe.

Should you ever need assistance in the event of breakdown, accident, theft or vandalism – wherever you are, 24 hours a day, 7 days a week – just call the number on your card and the problem will be fixed on the spot. If it's more serious, your car will be taken to the nearest Mitsubishi dealer and you'll be offered services such as a hotel, continuation of journey, a replacement car and vehicle repatriation.

For More Active Urban Adventures.

Let the road become your playground in the new Mitsubishi ASX, a compact SUV built for powerful driving pleasure. From its fierce new face and the advanced safety technology to new interior details, the ASX has been completely revamped to inspire unique urban adventures. So grip the wheel and feel the adrenaline rush as you cruise the streets in this elegantly rugged SUV.

OPEN INVITATION

With all the work that has gone into condensing ASX to just the right size for active driving fun, you may be surprised at all the spacious comfort that awaits you and your passengers inside. Rear seat passengers will be impressed with the leg- and headroom, and everyone will enjoy the soothing upholstery, available in luxuriant leather or soft fabric. Numerous storage compartments have been placed throughout the interior, giving you plenty of room for all the extras you want to take along.

COLOUR LCD MULTI-INFORMATION DISPLAY

STITCHED SOFT TOUCH KNEE PAD

**FRONT CENTRE
ARMREST &
COMPARTMENT**

USB PORT

The USB port allows you to connect your portable media player and enjoy your full music library in premium quality.

HIGH HIP POINT AND GOOD VISIBILITY

ASX provides a surprisingly elevated seat position that, with the sloping hood design, gives a better view of the road for easier maneuvering and greater safety. The raised hip point also allows for smoother entrances and exits, and greater comfort.

TRAVEL EARTH FRIENDLY

1.6-LITRE MIVEC ENGINE

The 1.6-litre engine is a concentrated rush of excitement, laying down enough power for sporty performance wherever there's pavement to be found. This engine also features an aluminum block for better efficiency and MIVEC technology for more aggressive starts and maximum high-range output.

ClearTec

Safety systems may override the Auto Stop & Go (AS&G) depending upon the situation. Please refer to the Owner's Manual.

GEAR SHIFT INDICATOR

A gear shift indicator in the multi-information display recommends the best shift timing for current driving conditions.

AUTO STOP & GO SYSTEM

Auto Stop & Go (AS&G) shuts off the engine at traffic stops, cutting fuel waste and CO₂ emissions without disrupting the electronic systems. The engine restarts immediately, so you'll never be left waiting.

Note: Auto Stop and Go (AS&G) requirements vary depending on the conditions of use. AS&G can be switched off as needed. Please see the owner's manual for additional information.

SUSPENSIONS

Driving enjoyment begins with confidence, and confidence comes from control. ASX begins with wide treads and a long wheelbase for a solid foundation, with the MacPherson strut front and multi-link rear suspensions to carry you smoothly over any bumps the road may throw your way. The shock absorbers and stabilisers have been precision tuned for sporty, comfortable performance, ensuring superior cornering and sure-footed stability. Add in a direct and smooth steering feel to better match your movements, and driving ASX becomes an experience in total command of the road.

READY FOR ANYTHING

Normal HID headlamps

Super Wide Range HID headlamps

SUPER WIDE RANGE HID HEADLAMPS

What you can't see, can hurt you. To take more of the road out of the shadows, ASX features Super Wide Range HID (High Intensity Discharge) headlamps. When activated, the headlamp clusters send out broader beams of light, illuminating a much wider section of the road ahead.

7-AIRBAG SYSTEM

So that you and your passengers can be safer in the event of a collision, ASX is equipped with a 7-airbag system to provide increased safety to every seat. The front seat occupants are protected by front airbags, plus an additional knee airbag for the driver to help protect the legs in a forward collision. In a side collision, the front occupants are protected by side airbags and occupants in both rows are protected by curtain airbags extending along the sides.

Note: 7-Airbag System is optional. Equipment may vary from the image shown. Airbags are part of a Supplemental Restraint System (SRS). To decrease the risk of injury from a deploying airbag, always wear your seat belt, sit upright in the middle of the seat and do not lean against the door. Always place children 12 and under in the rear seat and use appropriate child restraints. Never place a rear-facing infant restraint in the front seat. Please see the owner's manual and the instructions provided with your child restraint for additional information.

INTELLIGENT FEATURES SUPPORT SAFER DRIVING

FORWARD COLLISION MITIGATION SYSTEM (FCM)

Helps prevent a frontal collision or reduce damage if the collision becomes unavoidable. Responds to vehicles and pedestrians via camera and laser radar.

Danger of collision

Warning + braking assistance

High danger of collision

Warning + auto braking

Extremely high danger of collision

Warning + strong auto braking

Note: The detection and control capabilities of Forward Collision Mitigation (FCM) are supplemental only and do not prevent collisions in every situation. Please drive safely and do not rely solely on this system while driving. FCM operates when a vehicle is in front of your vehicle. FCM is also designed to detect pedestrians, but may not detect them or be activated in some situations. Auto braking is activated for a car ahead when your vehicle is travelling at a speed of approx. 5 km/h to 80 km/h and for a pedestrian ahead at approx. 5 km/h to 65 km/h. Since FCM has no function to maintain braking, the brake is released approximately 2 seconds after stopping. To prevent the vehicle from rolling thereafter, the driver may have to hold the brake pedal down. In some cases, FCM may not function if the driver takes actions for accident avoidance through steering or acceleration operation. If you have any questions, please consult your local Mitsubishi Motors dealer/distributor for details.

LANE DEPARTURE WARNING (LDW)

This feature beeps and displays a warning if the vehicle drifts from its lane while the turn signals are not operating.

LDW indication on multi-information display

Note: Lane Departure Warning is not designed to lessen risks associated with not looking ahead carefully (attention drawn to something on the side, absentmindedness, etc.) or poor visibility caused by bad weather, etc. It is designed to detect the lane at a speed of approx. 65 km/h or more. Keep steering your vehicle correctly and drive safely. The system may not be able to detect the lane correctly in some conditions. Please see the owner's manual for additional information.

NEW AUTOMATIC HIGH BEAM (AHB)

To increase safety, comfort and driving ease at night, the high beams automatically switch to low beams when vehicles are detected ahead and automatically switch back to high beams so you don't have to remove your hand from the steering wheel to switch the beams manually.

High beam

Low beam

Note: This system activates at a speed of approx. 40 km/h or more and deactivates at lower speeds. Please see the owner's manual for additional information.

NEW BLIND SPOT WARNING (BSW)

This safety feature uses radar sensors in the rear bumper to detect vehicles in your rear blind spots, on the right and left sides. An indicator appears in the door mirror when BSW is active and the turn signals are off. When a vehicle is detected while the turn signal is on, an indicator blinks in the corresponding door mirror and a buzzer sounds.

Note: The detection and control capabilities of Blind Spot Warning (BSW) are supplemental only and do not warn you of vehicles in blind spots in every situation. Please do not rely solely on this system while driving. BSW may not operate normally in some cases, depending on traffic, weather, road surface conditions and the presence of obstructions. Drivers are fully responsible for their own safe driving. The radar wave graphics are used for illustrative purposes only and do not represent the actual sensor application. Please see the owner's manual for additional information.

NEW REAR CROSS TRAFFIC ALERT (RCTA)

An indicator appears in the combination meter display when RCTA is active. If radar sensors in the rear bumper detect an approaching vehicle nearby while reverse gear is engaged, a warning message appears in the multi-information display, a buzzer sounds and an indicator blinks in both door mirrors.

Note: Do not rely solely on this system, which may not detect all moving vehicles in certain conditions. Drivers are fully responsible for their own safe driving. The radar wave graphics are for illustrative purposes only and do not represent the actual sensor application. Please see the owner's manual for additional information.

ACTIVE STABILITY CONTROL (ASC) AND TRACTION CONTROL (TCL)

The Active Stability Control system uses onboard sensors to analyse the vehicle's motion and identify lateral wheel slippage. By governing engine output and applying braking power to the appropriate wheels, ASC helps to maintain stability and control.

LATERAL REAR-WHEEL SLIPPAGE

Braking force is applied to the outer front wheel to prevent spin-out.

LATERAL FRONT-WHEEL SLIPPAGE

Braking force is applied to the inner rear wheel to prevent front-end drift.

TRACTION CONTROL FUNCTION

When wheel spin is detected, engine output is governed and braking force is applied to the spinning wheels to prevent driving torque loss, for smooth starts and linear acceleration.

Note: The control capabilities of ASC/TCL are supplemental only. Please drive safely and never rely solely on these functions while driving. Be sure to use the same specified type and size of tyres on all 4 wheels. Do not install any aftermarket limited slip differential on your vehicle. Please see the owner's manual for additional information.

HILL START ASSIST (HSA)

HSA makes it easy to start off on a steep uphill slope by preventing the vehicle from rolling backward. When a gradient is detected, it automatically maintains the braking force until the accelerator is applied.

With HSA

Without HSA

Note: Hill Start Assist (HSA) is not a substitute for safe driving. Never rely solely on this function while driving on steep roads. Your vehicle may move backwards if the brake pedal is heavily loaded, or if road is very steep or slippery. This function is not designed to keep the vehicle stopped in place on uphill slopes for more than 2 seconds. Do not rely on this function to maintain a stopped position as an alternative to depressing the brake pedal. Please see the owner's manual for additional information.

ROOM TO CHOOSE

CARGO CAPACITY

No matter where you're headed, ASX lets you carry whatever you need for when you get there, with up to 406* litres of available cargo capacity with five passengers. The easy-opening tailgate is wide enough to provide ample space for even the bulkiest items, and the low floor height makes it convenient to move heavy cargo in and out. An underfloor compartment is also included, giving you a handy, out-of-the-way storage space.

*Includes 13-litre underfloor compartment space (with tyre repair kit).

1,350 mm maximum width of cargo area.
1,510 mm maximum length with rear seats folded down.
Measured by Mitsubishi Motors Corporation.

FULL-FLAT REAR SEAT / 60:40 SPLIT FOLDABLE SEATBACK

To carry even larger items, the rear seat can be folded down completely flat to create an expansive cargo space. The 60:40 split rear seat can also be partially folded down, giving you the room to carry bicycles or other extra-long items, while still having rear seating available.

VARIOUS AMENITIES

9-SPEAKER ROCKFORD FOSGATE® PREMIUM SOUND SYSTEM

This system features high-quality sound and bass response with a powerful punch. The speakers are fitted precisely into the door panels, turning them into frequency enhancing speaker cabinets. In addition, sound levels are automatically adjusted to suit the vehicle's speed.

Note: Rockford Fosgate® and associated logos are registered trademarks of Rockford Corporation in the United States and other countries.

SD NAVIGATION WITH ROCKFORD FOSGATE® PREMIUM SOUND SYSTEM

The SD navigation system features a 7-inch LCD touch screen set in the centre dash panel. Conveniently arranged controls make it simple to programme any address, and the GPS function will direct you along the optimal route.

Note: The information displayed varies according to your vehicle's specifications.

ACCESSORY SOCKET

The floor console box has been equipped with a socket, allowing you to power your favourite accessories anytime you need them.

BLUETOOTH® HANDS-FREE KIT / LINK SYSTEM

Keep in touch while keeping safely in control with the hands-free kit. Link your Bluetooth®-compatible mobile phone, and the voice-activated dialer lets you make calls while holding the wheel.

GLASS ROOF

The panoramic glass roof adds a new dimension to the drive, allowing you and your passengers to enjoy the view from every direction. At night, the roof is attractively illuminated with LED lamps.

EQUIPMENT HIGHLIGHTS

1. Leather-wrapped gearshift knob
2. USB port and Seat heater (USB port × 2 for SDA* version)
*Smartphone Link Display Audio
3. SD navigation with 7-inch monitor, AM/FM radio, CD/MP3 player with Rockford Fosgate® premium sound system with 9 speakers, 710 W amplifier and rearview camera
4. Smooth synthetic leather door trim insert
5. Forward Collision Mitigation System (FCM) / Lane Departure Warning System (LDW)
6. LED Daytime Running Lamp and front fog lamp
7. Shark fin antenna
8. Wheel arch mouldings (for 18-inch models only)
9. Chrome tailgate garnish and Rear bumper with LED rear fog lamp
10. Chrome exhaust finisher
11. 215/70R16 tyres with 16-inch light alloy wheels
12. 225/55R18 tyres with 18-inch light alloy wheels

INFORM

INVITE

Auto Stop & Go (AS&G) model shown

Key Features

- Front bumper skid plate style (material black)
- 215/70R16 tyres with 16-inch full wheel covers
- LED Daytime Running Lamp and front fog lamp
- Front grille with chrome moulding
- Halogen headlamps
- Colour-keyed power door mirrors / Colour-keyed outer door handles
- Chrome tailgate garnish
- LED rear fog lamp
- Shark fin antenna
- Standard fabric seats (Honeycomb pattern)
- High-contrast back-lit meters with large colour liquid crystal multi-information display
- Carbon accent centre panel
- Electric power steering / Tilt and telescopic adjustable steering column
- Material black inner door handles
- Centre armrest / Removable tray
- Removable mat
- Manually controlled air conditioner
- AM/FM radio and CD/MP3 player
- SRS airbags (front and driver's knee)
- Active Stability Control (ASC)
- Hill Start Assist system (HSA)
- Tyre Pressure Monitoring System
- Keyless entry system

Note: Some of the equipment may vary in appearance or availability according to country. Please consult your local Mitsubishi dealer/distributor for more detailed information.

Key Features (in addition to Inform)

- 215/70R16 tyres with 16-inch light alloy wheels
- Chrome belt-line mouldings
- Chrome exhaust finisher
- High grade fabric seat (Block pattern)
- 3-spoke leather-wrapped steering wheel with audio controls, black & chrome accent
- Cruise control
- Chrome inner door handles
- Beverage cooler and warmer built into glove box
- Display audio with AM/FM radio, CD/MP3 player and rearview camera
- Fully automatic air conditioner
- SRS airbags (side and curtain)
- USB port / Link system
- Auto lighting control
- Auto rain-sensing variable intermittent
- Parking sensors (back warning sensors)

Note: Some of the equipment may vary in appearance or availability according to country. Please consult your local Mitsubishi dealer/distributor for more detailed information.

INTENSE

Auto Stop & Go (AS&G) model shown

Key Features (in addition to Intense)

- Front bumper skid plate style (silver paint)
- 225/55R18 tyres with 18-inch light alloy wheels
- Super Wide Range HID headlamps
- Headlamp washers
- Wheel arch mouldings
- Privacy glass
- Suede like artificial leather / Synthetic leather
- Colour-keyed power door mirrors with folding function and turn lamps
- Power window switch panel (silver paint)
- Bluetooth® hands-free cellular phone interface system with voice recognition / Link system
- Auto dimming rearview mirror
- Keyless Operation System with engine switch
- Aluminium pedal
- Blind Spot Warning (BSW) with Lane Change Assist / Rear Cross Traffic Alert (RCTA)

Note: Some of the equipment may vary in appearance or availability according to country. Please consult your local Mitsubishi dealer/distributor for more detailed information.

INSTYLE

Auto Stop & Go (AS&G) model shown

Key Features (in addition to Intense)

- Leather seats with front seat heaters and driver's power seat
- SD navigation with 7-inch monitor, AM/FM radio, CD/MP3 player with Rockford Fosgate® premium sound system with 9 speakers, 710 W amplifier and rearview camera
- Forward Collision Mitigation System (FCM)
- Lane Departure Warning System (LDW)
- Black roof rails
- Panoramic glass roof with interior LED illumination
- Automatic High Beam (AHB)

Note: Some of the equipment may vary in appearance or availability according to country. Please consult your local Mitsubishi dealer/distributor for more detailed information.

Injection System		ECI-MULTI			
Emission Level		Euro-6d-temp			
Max. Output (EEC net)	kW (PS)/rpm	86 (117)/6,000			
Max. Torque (EEC net)	Nm (kg-m)/rpm	154 (15.7)/4,000			
Fuel System		Unleaded (RON95)			
Fuel Type		Unleaded (RON95)			
Fuel Tank Capacity	lit	63			
Transmission		Single dry plate with hydraulic activator, push type			
Clutch		Single dry plate with hydraulic activator, push type			
Gear Ratio					
1st		3.727			
2nd		1.947			
3rd		1.343			
4th		0.976			
5th		0.804			
6th		-			
Reverse		3.727			
Final		4.333			
Performance					
Acceleration (0-100 km/h)	sec	11.5			
Max. Speed*1	km/h	183			
Fuel Consumption (NEDC)*2					
Urban	(lit/100 km)	7.9	8.3	7.4	7.8
Extra urban	(lit/100 km)	5.4	5.9	5.5	6.0
Combined	(lit/100 km)	6.3	6.8	6.2	6.7
CO₂ (NEDC)*2					
Urban	g/km	180	190	169	179
Extra urban	g/km	123	134	124	136
Combined	g/km	144	155	141	152
Fuel Consumption (WLTP)*2					
Low	(lit/100 km)	8.8	9.4	8.3	8.8
Mid	(lit/100 km)	6.3	6.9	6.1	6.7
High	(lit/100 km)	5.8	6.5	5.8	6.4
Extra-high	(lit/100 km)	7.1	7.9	7.2	7.9
Combined	(lit/100 km)	6.8	7.5	6.7	7.3
CO₂ (WLTP)*2					
Low	g/km	198	212	186	198
Mid	g/km	143	156	139	151
High	g/km	131	147	130	144
Extra-high	g/km	161	179	163	179
Combined	g/km	153	169	151	165
Towing Capacity (with brake)	kg	1,200			
Towing Capacity (without brake)	kg	665			
Suspensions					
Front		MacPherson strut, coil springs with stabiliser bar			
Rear		Multi-link, coil springs with stabiliser bar			
Brakes					
Front		Ventilated discs			
Rear		Discs			
Steering					
Type		Rack-and-pinion with electric power assist			
Loads					
Kerb Weight	kg	1,260	1,285	1,260	1,285
Gross Vehicle Weight	kg	1,870			
Max. Roof Load		80			
Cargo Room Volume (VDA)*3	lit	406*4-1,206 (1,156)*5			

■ WLTP and NEDC measured under the different methods. Therefore, there is a difference in the emission value on the specification chart.
*1: Measured by Mitsubishi Motors Corporation. *2: Fuel consumption and CO₂ values vary depending on equipment level. *3: Measurements from 5 seats up to Tonneau cover (hard type)-2 seats up to roof. *4: With rear seatback in upright position. Includes 13-litre underfloor compartment space (with tyre repair kit). *5: () with panoramic glass roof.

Note: These specifications are subject to change without notice. Please consult your local Mitsubishi dealer/distributor for detailed specifications.
